

Cut Pads, Slit Rolls, Bulk Rolls, Panels & Links

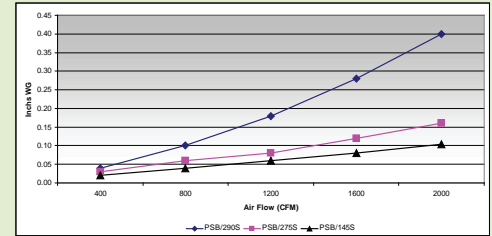

P15 (150S/350S/500S)

- Prefiltration for general equipment and HVAC systems
- High humidity prefiltration
- 100% washable
- **MERV Rating** (150S-3, 300S-5, 500S-6)

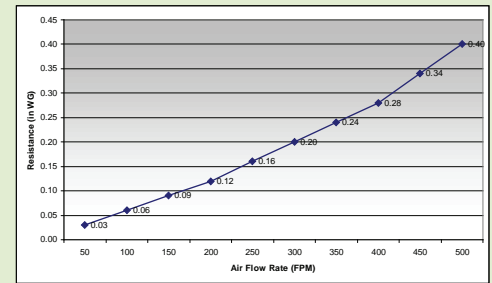

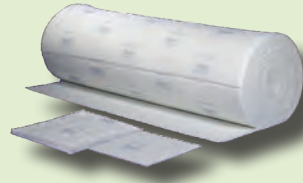

PSB (145S/275S/290S)

- Prefiltration for general equipment and HVAC systems
- Progressively structured media
- UV Resistant Media
- **MERV Rating** (145S-3, 275S-5, 290S-6)

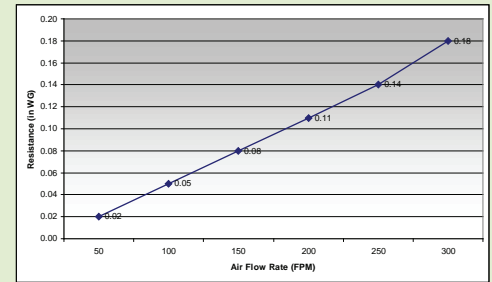

R2/3- R2/4

- Prefiltration for general equipment and HVAC systems
- Welded 10 gauge steel frame for Panels & Links
- Triple layer progressively structured media made from synthetic fibers
- Thermally bonded with tackifier
- High humidity environments
- SC: Scrim option available
- **viledon Migration Test Rating- S2**

WinAir Panel

- Prefiltration for general equipment and HVAC systems
- Multi-Layered media
- Adhesive tackifier
- **viledon Migration Test Rating- S2**
